

FREQUENTLY ASKED QUESTIONS...

Q Can you send fabric samples?

A Yes, just take a look at our enclosed **Fabric Sample Selector** and tell us the names of the fabric samples you would like to receive.

Q Do you have a minimum order?

A No, we'll gladly make you anything you require from a single tie-back to upholstering your whole motor caravan, and everything else in between!

Q Does telling you the make and model of my motor caravan give you all the information you need to know?

A Unfortunately not! Our 22+ years experience has shown that there are many variations between apparently identical models. Hence, we always work to the sizes you have in your particular motor caravan.

Q How do I obtain a quote?

A Just contact us using one of the methods described below, and we'll be glad to oblige.

Q Do you offer a 'while-I-wait' service?

A No, as we've always believed that to do the job to our high standard takes time. You can either leave items with us if you visit, and we'll send them on to you when complete, or we can collect and deliver all over the U.K.

Q What about my cab seats?

A We can either make made-to-measure removable washable covers for your cab seats, or they can be re-trimmed. If you would like your cab seats re-trimmed please contact us to discuss the logistics.

Q I can't visit Bristol – how do I place an order?

A Give us a call, and we'll discuss the best way that we can supply you with a quotation, and if you wish, proceed with doing the work for you.

Q Do you have somewhere we can stay overnight?

A Yes, there are caravan sites just a few miles from us, where you can stay before/after visiting us, and we'll even pay your pitch fee for one night! Please see our brochure for full details.

Q Can you offer fabrics to match the originals?

A Unfortunately, most original fabrics are often discontinued by the manufacturers shortly after being made. However, with over 900 on-going, non clearance fabrics available, we are usually able to offer alternative fabrics that suit just as well!

Q How long do you take to complete my order?

A This will depend on what work you would like done and how many other orders are in at the time. However, talk to us and we will advise if we can meet any deadline you may have.

GUIDE PRICE INFORMATION

Due to the enormous number of different motor caravan layout options, variations and modifications offered by manufacturers and converters, it's virtually impossible for us to supply you an accurate quotation based purely on the type/model of motor caravan you own.

So we've designed this leaflet to give you a 'ball park' idea of costs for our different furnishing services, based on a series of

'typical' motor caravan layout examples, which cover some of the most common variations.

Even though our 'example layouts' overleaf will no doubt be different to the specification of your own motor caravan, we hope it will be useful in providing an approximate guide to the cost of the furnishing services that you may require. **For more information please refer to the details overleaf and on the back cover.**

SOME NOTES REGARDING OUR GUIDE PRICES...

OPTION A – 'PERMANENT' UPHOLSTERY

Our guide prices are for upholstering a set of cushions in any of our 'Permanent' range of 500+ fabrics. The prices include fabric, labour and buttoning. We can also add 'self piping' for £15 per cushion. **New** cushions can be made by adding the cost of **OPTION C**. Matching re-trimming of cab seats is at extra cost – from £435 per pair. Matching re-trimming of trim panels is also available.

OPTION B – REMOVABLE WASHABLE COVERS

Guide prices are for a set of new covers to fit over existing upholstery using any of our 50 Removable Washable Seat Cover fabrics, except 'Delph' which adds 20% to the cost. Our covers can be buttoned with our removable buttons at extra cost. **New** cushions can be made by adding the cost of **OPTION C**. Matching made-to-measure cab seat covers are at extra cost – from £110 per pair.

OPTION C – REPLACEMENT FOAM

Please note that the guide prices are for foam only, using our 'Comfort Extra' grade foam (4"), and do not include cushion coverings i.e. **OPTION A** or **OPTION B**. Using our 'Supreme' grade foam would cost slightly more, as would any additional shaping, or thicker cushions. **TIP:** Customers sometimes decide to have new foam only for the main cushions, which reduces the overall cost.

OPTION D – CUSHION REFILLING

Guide prices are for refilling all existing cushions using our 'Comfort Extra' grade foam (4"). We automatically fit a new good quality cotton twill lining whenever we refill cushions. **TIP:** Many customers decide only to refill the main cushions that form the main bed/seating area. If your existing cushions are zipped, the cost of refilling reduces considerably.

OPTION E – CUSHION RELINING

Guide prices are for relining all existing cushions using a good quality cotton twill lining fabric and fitting a zip. Relining costs £50 for cushions up to 40" long and £70 for cushions over 40" long.

OPTION F – REPLACEMENT CURTAINS

Guide prices are for a full set of made-to-measure lined curtains in a wide choice of plain, semi-plain or patterned good quality curtain fabrics. Having our curtains unlined would reduce the cost. Any curtains that have plastic popper tape fitted will cost 10% more than the guide prices quoted. Matching pelmets, tie-backs and scatter cushions are available.
