

FREQUENTLY ASKED QUESTIONS...

Q Can you send fabric samples?

A Yes, just take a look at our enclosed **Fabric Sample Selector** and tell us the names of the fabric samples you would like to receive.

Q Do you have a minimum order?

A No, we'll gladly make you anything you require from a single tie-back to upholstering your whole caravan, and everything else in between!

Q Does telling you the make, model, year and size of my static caravan give you all the information you need to know, to give me a quotation?

A Often yes! We've an archive of most original static caravan brochures to help us quote you exact prices. However, we still rely on the measurements from your **own** caravan to actually carry out any work you require.

Q How do I obtain a quote?

A Just contact us using one of the methods described below, and we'll be glad to oblige.

Q Do you offer a 'while-I-wait' service?

A No, as we've always believed that to do the job to our high standard takes time. You can either leave items with us if you visit, and we'll send them on to you when complete, **or we can collect and deliver all over the U.K.**

Q Can you come to my caravan?

A We are *sometimes* able to meet you at your caravan, for a no-obligation quotation, depending on timing and where in the UK your 'van is sited. If this is not possible, we still have tried and tested ways of dealing with your requirements!

Q I can't visit Bristol – how do I place an order?

A Give us a call, and we'll discuss the best way that we can supply you with a quotation, and if you wish, proceed with doing the work for you.

Q Some of my upholstery appears to be 'fixed', can you still help?

A No problem! Armrests, covered valance boards and fixed backrests can all be removed for recovering and refitted again afterwards.

Q Can you offer fabrics to match the originals?

A Unfortunately, most original fabrics are often discontinued by the manufacturers shortly after being made. However, with over 900 on-going, non clearance fabrics available, we are usually able to offer alternative fabrics that suit just as well!

Q How long do you take to complete my order?

A This will depend on what work you would like done and how many other orders are in at the time. However, talk to us and we will advise if we can meet any deadline you may have.

GUIDE PRICE INFORMATION

Thanks to our comprehensive archive, we're usually able to quote prices for what you require based on the make, model, size and year of your static caravan.

However, we've designed this leaflet to give you an initial 'ball park' idea of costs for our different furnishing services, based on a series of 'typical' static caravan layout examples, which

cover some of the most common caravan variations.

Even though our 'example layouts' *overleaf* will no doubt be different to the specification of your **own** caravan, **we hope it will be useful in providing an initial approximate guide to the cost of the furnishing services that you may require.** For more information please refer to the details *overleaf* and on the back cover.

SOME NOTES REGARDING OUR GUIDE PRICES...

OPTION A – 'PERMANENT' UPHOLSTERY

Our guide prices are for upholstering a set of cushions in any of our 'Permanent' range of 500+ fabrics. The prices *include* fabric, labour and buttoning. We can also add self piping for £15 per cushion. **New** cushions can be made by adding the cost of **OPTION C**. Matching valances and scatter cushions, if required, are available at extra cost.

OPTION B – REMOVABLE WASHABLE COVERS

Guide prices are for a set of new covers to fit over existing upholstery using any of our 50 Removable Washable Seat Cover fabrics, except 'Delph' which adds 20% to the cost. Our covers can be buttoned with our removable buttons at extra cost. Matching valances and scatter cushions, if required, are available at extra cost. **New** cushions can be made by adding the cost of **OPTION C**.

OPTION C – REPLACEMENT FOAM

Please note that the guide prices are for **seat** foam only, using our 'Comfort Extra' grade foam (4"), and do not include cushion coverings i.e. **OPTION A** or **OPTION B**. Using our 'Supreme' grade foam would cost slightly more, as would any additional shaping, or thicker cushions. **TIP:** Customers sometimes decide to have **new foam** only for the main cushions, which reduces the overall cost.

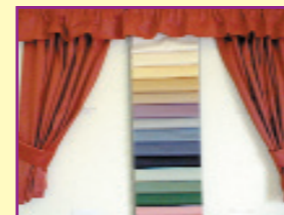

OPTION D – CUSHION REFILLING

Guide prices are for refilling all existing **seat** cushions using our 'Comfort Extra' grade foam (4"). We automatically fit a new good quality cotton twill lining whenever we refill cushions. **TIP:** Many customers decide only to refill the main seat cushions that form the most used part of the seating area. If your existing cushions are zipped, the cost of refilling reduces considerably.

OPTION E – CUSHION RELINING

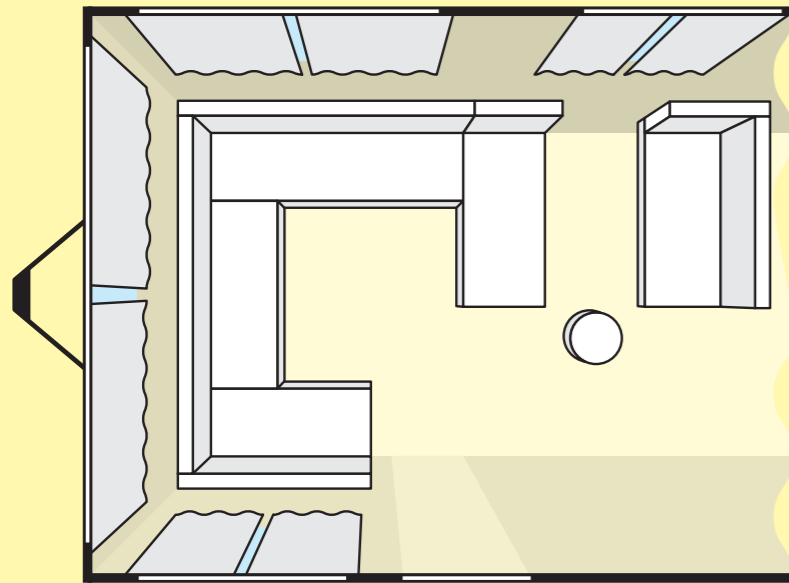

Guide prices are for relining **all** existing **seat** cushions using a good quality cotton twill lining fabric, and fitting a zip. Relining costs £50 for cushions up to 40" long and £70 for cushions over 40" long.

OPTION F – REPLACEMENT CURTAINS

Guide prices are for a set of made-to-measure lined lounge and dining area curtains in a wide choice of plain, semi-plain or patterned good quality curtain fabrics. Having our curtains unlined would reduce the cost. Bedroom curtains available if required. Matching pelmets, tie-backs, scatter cushions etc. are available at extra cost.
