

Frequently Asked Questions...

Q Can you send fabric samples?

A Yes, just take a look at our enclosed literature and tell us the names of the fabric samples you would like to receive.

Q Do you have a minimum order?

A No, we'll gladly make you anything you require from a single tie-back to upholstering your whole caravan, and everything else in between!

Q Does telling you the make and model of my touring caravan give you all the information you need to know?

A Unfortunately not! Our 19+ years experience has shown that there are many variations between apparently identical models. Hence, we always work to the sizes you have in your particular caravan.

Q How do I obtain a quote?

A Just contact us using one of the methods described below, and we'll be glad to oblige.

Q Do you offer a 'while-I-wait' service?

A No, as we've always believed that to do the job to our high standard takes time. You can either leave items with us if you visit, and we'll send them on to you when complete, or we can collect and deliver all over the U.K.

Q What types of fabrics can I choose from?

A We have over 500 variations, including chenilles, velvets, flat weaves and washable fabrics.

Q I can't visit Bristol – how do I place an order?

A Give us a call, and we'll discuss the best way that we can supply you with a quotation, and if you wish, proceed with doing the work for you.

Q Do you have somewhere we can stay overnight?

A Yes, there are caravan sites just a few miles from us, where you can stay before/after visiting us, and we'll even pay your pitch fee for one night! See our brochure for full details.

Q Can you offer fabrics to match the originals?

A Unfortunately, most original fabrics are often discontinued by the manufacturers shortly after being made. However, with over 500 on-going, non clearance fabrics available, we are usually able to offer alternative fabrics that suit just as well!

Q How long do you take to complete my order?

A This will depend on what work you would like done and how many other orders are in at the time. However, talk to us and we will advise if we can meet any deadline you may have.

UPHOLSTERY & SOFT FURNISHINGS

GUIDE PRICE INFORMATION

Due to the enormous number of different touring caravan layout options, variations and modifications offered by manufacturers, it's virtually impossible for us to supply you an accurate quotation based purely on the type/model of caravan you own.

So we've designed this leaflet to give you a 'ball park' idea of costs for our different furnishing services, based on a series of

'typical' caravan layout examples, which cover some of the most common variations.

Even though our 'example layouts' overleaf will no doubt be different to the specification of your own caravan, we hope it will be useful in providing an approximate guide to the cost of the furnishing services that you may require. For more information please refer to the details overleaf and on the back cover.

Some notes regarding our Guide Prices...

Option A – 'Connoisseur' Permanent Upholstery

Our guide prices are for upholstering a set of cushions in any of our 'Connoisseur' range of 300+ fabrics. The prices include fabric, labour and buttoning. We can also add self piping for £15 per cushion. New cushions can be made by adding the cost of **OPTION C**. Matching scatter cushions are available at extra cost.

Option B – Removable, Washable Covers

Guide prices are for a set of new covers to fit over existing upholstery using any of our 57 removable, washable seat cover fabrics, except 'Delph' which adds 20% to the cost. Our covers can be buttoned with our removable buttons at extra cost. New cushions can be made by adding the cost of **OPTION C**. Matching scatter cushions are available at extra cost.

Option C – Replacement Foam

Please note that the guide prices are for foam only, using our 'Comfort Extra' grade foam (4"), and do not include cushion coverings i.e. **OPTION A** or **OPTION B**. Using our 'Supreme' grade foam would cost slightly more, as would any additional shaping, or thicker cushions. **TIP:** Customers sometimes decide to have new foam only for the main cushions, which reduces the cost.

Option D – Cushion Refilling

Guide prices are for refilling all existing cushions using our 'Comfort Extra' grade foam (4"). We automatically fit a new good quality lining whenever we refill cushions. **TIP:** Many customers decide only to refill the main cushions that form the main bed/seating area. If your existing cushions are zipped, the cost of refilling reduces considerably.

Option E – Cushion Relining

Guide prices are for relining all existing caravan cushions using a good quality lining fabric and fitting a zip. Relining costs £50 for cushions up to 40" long and £60 for cushions over 40" long.

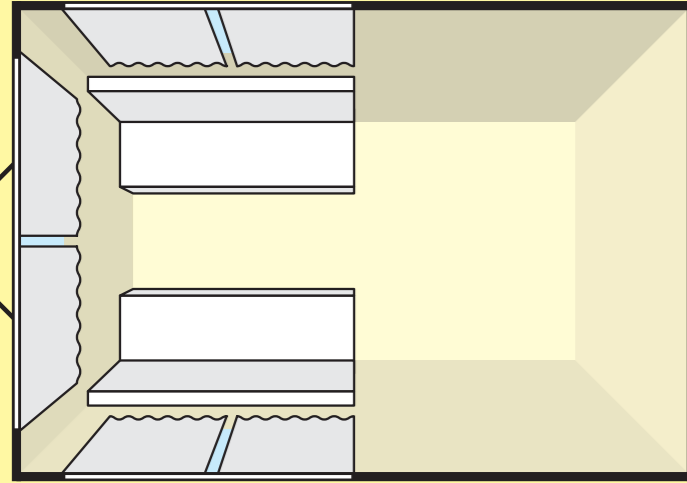

Option F – Replacement Curtains

Guide prices are for a full set of made-to-measure lined curtains in 'Royal Satine' fabric. Using one of our other fabric ranges instead of 'Royal Satine' may cost more. Having our 'Royal Satine' curtains unlined would reduce the cost. Any curtains that have plastic popper tape fitted will cost 20% more than the prices quoted. Matching pelmets, tie-backs and scatter cushions are available.
